Summer Updates from your Neighborhood Coalition

We hope everyone's having a great summer! We're excited to share some significant updates on the strategy we defined earlier this year.

Progress on the Park Proposal

Our **Park Core Team** has been actively meeting with city leaders. We've been encouraging them to work with us on a **formal proposal** to bring before the school board with mutual benefit to the school and community. A few of us also recently had the opportunity to give a public in-person comment at a recent city council meeting, further advocating for our initiative. We're thrilled to announce we now have a **planned meeting with key city leaders** to develop a formal proposal that includes **financial commitments**. The City in partnership with the Coalition plan to present this proposal to the **school board in the near future**. The Park Core Team is busy preparing several options to ensure a productive discussion.

Coalition Sponsored Event Coming Soon!

In parallel with our park efforts, we're also working on setting up an event in our neighborhood. This is a fantastic opportunity to continue building community and share more about this important park initiative with Sunshine Gardens neighbors.
